NEW YORK REPUBLICANS
CONFIDENT OF VICTORY

Hopes for Aid of Progressives
in Regaining Control of
State Assembly

(By Associated Press.)
NEW YORK, Nov. 2.—Republicans
claimed today that they would regain
control of the state assembly through
tomorrow's elections. Their hopes are
based on Democratic disaffection over
the removal of Governor Butler and the
fact that the Democratic leaders have
neglected the state during the latter
right to retain command of New York
City.

The Progressive party promises to
play an important part in the election.
Through fusion with the Republicans in
New York City the Progressives are as-
sured an increased representation in the
assembly and should the election be
close they would hold the balance of
power in that house between the two
old parties.

Nevertheless Republicans assert their
friendly understanding with Progressives
in the metropolitan area will benefit the
Republican candidates greatly, and with
no contest for the governorship to unite
the Progressives in a state-wide effort
they expect many of the latter will re-
turn to the Republican fold.

Democrats Are Not

Opposed in Virginia

(By Associated Press.)
RICHMOND, Va., Nov. 2.—With no
Republican opposition, the state Demo-
cratic ticket will be elected Tuesday,
although party leaders assert the ticket
will probably be the smallest ever cast
in Virginia.

Will Vote on Amending

Kentucky's Constitution

(By Associated Press.)
LOUISVILLE, Ky., Nov. 2.—Kentucky
electors will vote Tuesday on a series of
proposed amendments to the state con-
stitution. One provides for a revision of
the tax laws and the other would abolish
contract work in the state prison and
permit the employment of convicts on
public roads. A large number of
members of the legislature also will be
elected.

Ohio Municipalities

Elected New Officers

(By Associated Press.)
COLUMBUS, Ohio, Nov. 2.—Constitu-
ents of municipal offices will be elected
in all cities, towns and villages in this
state Tuesday. In addition, several
constitutional amendments will be sub-
mitted to the voters.

Fight in New Jersey

To Control Legislature

(By Associated Press.)
TRENTON, N. J., Nov. 2.—Besides
choosing a governor, Tuesday's elections
in New Jersey will involve the control
of both houses of the legislature. Eight
members of the assembly will be re-
elected, and the other 12 will be chosen
and the full membership of the
house. Eleven members of the senate
and seven Democrats hold-over state sen-
ators and eleven Democrats hold-over
state senators. A majority of the upper house five of
the eight counties in which senatorial
elections are to be held close Demo-
cratic senators at their last election.

Candidates Confident

In Massachusetts Race

(By Associated Press.)
BOSTON, Nov. 2.—In the hope of
adding to their four candidates
for governor, who have been
most active on the stump, Governor E.
N. Posa, Independent, Lieutenant Gov-
ernor Davis I. Walsh, Democrat, Con-
gressman A. P. Gardner, Republican,
and Charles E. Hirt, Progressive, are
campaigning during the remain-
ing hours before the state election
Tuesday. Each expressed himself
confident of success.

Prohibition Is Injected

Into Maryland Campaign

(By Associated Press.)
BALTIMORE, Nov. 2.—Maryland will
vote Tuesday for a United States
senator to fill the unexpired term of
the late Senator Bayard, a state consti-
tutional clerk of the court of appeals, and
members of the legislature. In the Third
Congressional district there will be a
special election for the United States
Representative George Kunkle.

The issue of temperance was in-
jected into the campaign for the United
States senatorship by the Anti-Saloon
League, which is opposing State Represen-
tative Blair Lee, Democrat, secretary and
exposing the candidacy of former Represen-
tative Thomas Parran, Republican
nominee.

WAGONS AND TRUCKS
USED AS STREET CARS

Trolley Officials in Indianapolis
Delay Efforts to Resume
Service

(By Associated Press.)
INDIANAPOLIS, Nov. 2.—Scores of
automobile trucks, delivery wagons and
vehicles of all kinds were used today
morning to transport passengers from
their homes to places of work as a re-
sult of the strike of employees of the
city trolley.

More than six hundred strikes break-
ers, housed in car barns, made no ap-
pearance early today and no attempt
was made to operate cars for early
morning traffic. The barns in which the
strike breakers are quarantined, were
guarded throughout the night by police.

The promise that the street car com-
pany would send out a few cars this
morning brought a threat of further
rioting.

Sherriff Porten expected today to
arm several hundred deputies to keep
the crowds moving leaving policemen
free to aid strike breakers in moving
their cars.

BULLYING TACTICS ARE
CHARGED TO JEROME

Thaw's Lawyers Attack Prosec-
utor in Final Brief Against
Extradition

(By Associated Press.)
CONCORD, N. H., Nov. 2.—The final
brief for Harry K. Thaw, in connection
with his efforts to resist extradition
from New Hampshire to New York, was
filed with Governor Parker today.

The brief states that the extradition
is in accordance with rules of prac-
tice, that the laws of New York were
violated in obtaining the indictment and
that the regulation is not made in good
faith.

The activity of William Travers
Jerome in obtaining the indictment and
his language at the hearings before the
grand jury, were attacked.

The language used is bullying and
threatening and could be used for no
other purpose than the pithy thought
to intimidate your excellency. This un-
usual and unbecoming personal lan-
guage indicates a personal, private lan-
guage and is not consistent with the
simple, dignified diction of public duty.

FOUR YOUNG MEN SHOT

FOR THROWING BICYCLIST

(By Associated Press.)
EVANSTON, Ill., Nov. 2.—An uniden-
tified man last night shot four young
men who threw him from his bicycle
and two of them are expected to die.

According to August Strinke, the only
member of the party who was not
wounded, one of his friends shoved the
year wheel of the bicycle and the rider
had a bad fall. Getting to his feet, the
cyclist drew a revolver and began fir-
ing. Frank Dubrowski and Henry
Rogers were shot in the abdomen and
may not recover. The others injured
were shot in the legs.

UNCLE SAM OPENS FIRE

ON HARVESTER COMPANY

Suit to Dissolve Great Corpora-
tion Is Begun in St. Paul
Federal Court

(Special Dispatch to The Journal.)
ST. PAUL, Minn., Nov. 2.—Opposing
counsel entered the United States dis-
trict court here today for the final
struggle in the government's suit to dis-
solve the International Harvester com-
pany as a monopoly in violation of the
Sherman law. Members of the court
immediately and pay the court to
grant an injunction against its further
continuance.

The attorney general's dissatisfaction
with a pro rata distribution of the
stocks of the dissolved companies, as
occurred after the decrees of the
supreme court in the United States
and American Tobacco cases is clearly in-
dicated in the closing paragraph of the
brief.

"Under the undisputed facts, the for-
mation of the International Harvester
company was not a normal and natural
development of the companies in har-
vesting machinery," the brief declares. "It
was the child of one not heretofore in-
terested in the business, George D. Perkins,
a banker and insurance man, who
stepped in at an opportune time to
control the merging of the companies."
He and others by means of a combina-
tion in corporate form destroyed com-
petition and entered monopoly.

BOY IS KILLED IN MACON
OVER BOTTLE OF WHISKY

Thomas D. Fuller Dead—Two
Thomas B. Smith Dead—Two
Arrest

(Special Dispatch to The Journal.)
MACON, Nov. 2.—Thomas R. Smith,
twenty-three years of age, of Popperston,
Ga. Butts county, is dead in a local un-
derstanding shop and Harry Wooten and
Henry A. Brown, said to be from Mont-
icello, are prisoners in the county jail
charged with the murder of the young
man. The shooting occurred last night
about 10 o'clock on Turner street.

Three bullets entered the body of young
Smith, two passing through the abdomen
and the third striking him in the right
leg. Three hours after the shooting he
died on the operating table at the Macon
hospital, without ever giving his version
of the affair.

The shooting is said to have occurred

over a bottle of whisky. The three men
proposed to purchase a bottle of whisky,
it is said, and a dispute is said to have
started about who paid the most for the
purchase and Smith, alias Fuller, is said
to have attacked Wooten with a pair of
knives. Wooten claims that it was then
that he made for his pistol firing six
shots at Smith, three of which took ef-
fect.

An inquest will not be held until to-
morrow night, the coroner delaying the in-
quest until two eye witnesses can return
to Macon. Henry Brown, one of the men
in the jail, is a mere lad, not being
more than sixteen years old. It is a
curious story of how a trouble maker, who
is corroborated in his statement by Wooten
on who admits the shooting.

Velvet Suits (Fashion Favored) Come to Us and to You
Silk Dresses (For Street Wear) Come to Us and to You **At Lowered Prices**

An Exposition of the Furs That Are the Vogue this Season

A day to reckon with, one to turn to your profit--since such momentous happenings are scheduled.

For they are happenings such as are seldom told of, but which must recall to Atlantans minds the fact that when such opportunities do break it is usually Chamberlin-Johnson-DuBose Co. that, never offering bargains except when bargains are bargains, comes through with the best news of the season.

There has been no such announcement here this season, for the reason there has been no such news. **But now!**

But it is best told simply and plainly just as the fine facts are; women who know what Chamberlin-Johnson-DuBose Co. values are will know what to do the first thing in the morning, others will do well to join them--in hurrying to the store. Here--

THE VELVET SUITS

There Are Twenty-Eight of Them, Copies of Paris Models

The \$60.00 Values are	\$39.50	The \$75.00 Values are	\$49.50
The \$95.00 and \$115.00 Values are	\$100.00	\$110.00	\$75.00

Being copies of Paris models tells much, but not enough--not so much as your eyes will!

You have heard, you know how the powers that be in the world of fashion look upon velvets and pile fabrics this season.

It is such suits as these that have won velvet its favor!

Plain chiffon velvets, brocaded velvets, silk plushes and broadtail cloth are represented.

The colors are those that you would expect in such a representative lot of suits--black, navy, Copenhagen, marine, plum, tete de negre, mahogany and brown--black predominates.

Much fur is used--skunk and fitch most fetchingly about collars and cuffs. There are Vestees as rich as Orientalism knows; there are cutaway coats and jaunty blouses that had their origin in Russia, draped skirts with the grace that only Paris could effect.

Wonderful suits to be priced so.

Much Might Be Said About These Velvet Dresses

and the vogue they are enjoying.

Makers of the fabric have conspired to help makers of dresses and fashions.

The velvets are supple and soft.

No makers of dresses turned to them to evolve their queenliest styles.

Velvet dresses that fall into loose folds, caught at the side or the front into the draped effect.

Waists are sometimes chiffon and net with just a touch of the velvet, with overhanging shoulders and kimono sleeves. Soft, crushed girdles of velvet or some Oriental colored silk lend their charm.

Many colors, one richer than another--Wistaria, Hague and navy blue, Russian green and black.

They are glorious affairs.

And at these prices, we believe, a bit more than usual values.

They are Priced at \$25.00, \$29.75, \$35.00 and \$45.00

Much Solid Comfort Is Suggested by These Blanket Robes

Undoubtedly the most pretentious showing Atlanta has known.

It seems every man and woman would now be solidly comfortable at home.

Effective designs, all (though those for men differ greatly from those for women).

Gay Indian colorings and soft toned affairs, stripes, checks, queer geometrics, in dark blue, Copenhagen, brown, red, gray, pink and lavender; some with satin band trimmings, cord fastenings.

Priced at \$3.50, \$3.95, \$6.95 and \$7.50.

SILK KIMONOS

Messalines and crepes de chine--airy, fairy affairs, and dark, long service affairs. Those of crepe de chine are usually finished with fluffy laces and much ribbon--dainty, exquisite--with accented, plaited skirts; those of messaline are either in richly flowered patterns and plain shades, finished with bands to contrast or to match.

Priced at \$3.50, \$5.00, \$7.50 to \$29.75.

The Silk Dresses

\$18.50, \$20.00 and \$25.00 Silk Dresses
make up this likable lot now marked **\$12.50**

Just such dresses as women want for street wear and for those other occasions a smart silk dress has no equal. To buy them so advantageously could hardly be expected this early in the season. For the reason for their price could never be discovered in the styles, the fabrics, the trimmings.

A list of the kinds of silks reads much the same as a list of the most fashionable silks.

Crepes de chine predominate, then come crepe meteors and Canton crepes. These colors--navy, Copenhagen, marine, brown, green, taupe, wistaria and black. Many with smart, colorful Scotch plaid belts, sashes and collars; others frilly about the yokes, collars and cuffs, with sheer laces and plaited nets.

There are peplum styles, vestee effects, draped skirts, many of them slashed a bit; there are button trimmings that add wonderfully to completeness of a style.

\$12.50! That amount is reached before the cost of the materials is added up!

Fashionable Furs

Tomorrow we present the furs that are fashionable in this good season of 1913. This means much more than a similar assurance meant in other years, for furs are enjoying a favor that they have never before known.

This display is to do full justice to them.

Novelty or fancy furs have the call.

High colors are used; the fur dyers have responded splendidly to the colorfulness that dominates the fashions.

Neckpieces, muffs, coats are more graceful than before.

That bulkiness and weight that we were wont to associate with a fur coat is not. They drape, they follow the slender lines; neck pieces are supple, to be used in many "effects." Muffs are in novel shapes--some one described them as "one-sided"--the tendency is away from the conventional.

Br'er Fox is notably present! Red fox, cross fox, pointed fox--acts are rich and

beautiful, not to mention the ever popular and serviceable black fox.

Fitch, a fur of from a generation ago, is back, more beautiful than ever. Its soft gold to dark brown shadings make a strong appeal to women. The tiger fitch is another novelty.

Lynx, Jap Mink and Baum Martin retain the places they have won.

AMONG THE NEW COATS

Hudson Seal is a prime favorite; its luxurious, soft fur seems to lend itself to the draped fashions best of all.

Coats are three-quarter length, as a rule; cutaway effects; kimono sleeves; collars are of chinchilla squirrel, ermine (used often this season without the tails) and tiger fitch. There are other coats of Russian Pony that will be serviceable for years and years.

Prices go gradually from \$68.50 through \$75, \$95, \$125 to \$350.

But this is a display to be seen, not described.

GASOLINE COLONY BUSY ON AUTO SHOW PLANS

Auditorium Turned Over to Decorators and Exhibits Will Be Placed in Few Days

Guthrie is reading a fever heat in anticipation of the automobile show's opening next Saturday afternoon. The show is on tip, the public is waiting and listening. The show committee, representing the Atlanta Automobile and Accessory Association, is one of the busiest groups of men in the southern states just now. Its members have all but abandoned their own business to give their full attention, and are working almost as hard as the decorators. The auditorium is alive with the latter, twenty-four hours a day and is undergoing at their hands a rapid process of transformation.

Advances reservations among the hotels and the show week. The city crowded to its very doors. No less than 2,500 visitors are to be expected. By Wednesday night the auditorium will be ready for the exhibit. On Thursday and Friday the magnificent new cars, displaying the latest ideas and business appointments, will be moving in an unbroken line into the building. By Saturday morning everything will be in place and the last polish put on.

GEORGE W. HANSON, President of the Atlanta Automobile and Accessory Association, who is in charge of the show, says that the show has been the best of the association since it was organized just before the first show, three years ago.

Two new exhibits announced Monday by Chairman R. N. Hod are those of the Harley Davidson Motor company, which display its motorcycles in a new and effective introduction to its southern branch recently established. The Harley Davidson Motor company, which will show its electric trucks.

The D. A. R. of Atlanta, under direction of Mrs. W. L. Peel, will have charge of the restaurant again this year. The space under the main bank on the right as one enters the main auditorium has been assigned for that feature.

WINTER WAY TO HAZARD. The "winter way" of the auditorium's show will be blinding each night of the show. The building will be bright as day, with the big gas chandeliers and other gas fixtures doing duty with the brilliant lighting. The hall will be illuminated by indirect lighting.

"This is going to be a hummer," exclaimed Chairman Reid, at the auditorium Monday morning.

No dealers' tickets will be sold this year. All tickets will cost \$5.00. The seats in the boxes will cost \$5.00 additional.

WHEN BACK ACHES, WATCH KIDNEYS!

If Neglected Serious Diseases May Follow

When the kidneys are clogged up and inactive, nature always warns you. Backache is one of the first symptoms. You may also be troubled with disagreeable, annoying bladder or urinary disorders; have attacks of lumbago or rheumatism; become nervous, tired, or feel all worn out; puff, swellings show under the eyes, or in the feet and ankles; or the urine becomes light and pale, dark-colored or cloudy. If such symptoms are neglected, danger, disease or Bright's disease, which so often prove fatal, may result.

It is not only dangerous but needless for you to suffer and endure the tortures of these troubles, when a little Croxone will quickly and surely end all such misery.

There is no more effective remedy known for the prompt relief and cure of such troubles, because it cleans out the clogged-up kidneys and makes them work properly. It soaks right through the walls and linings, cleans out the little filtering cells and glands; neutralizes and dissolves the poison from the blood and drives it out of the system.

This new, scientific preparation, is entirely different from other remedies. It is so quick-acting and effective that it is practically impossible to take it without results.

An original package costs but a trifle, and all druggists are authorized to return the purchase price if Croxone should fail in a single case.

Three doses a day, for a few days, is often all that is ever needed to end the worst backache; relieve rheumatic pains or overcome sleep-disturbing urinary disorders. (Adv.)

Unless Fund Is Raised at Monday Night's Meeting, Unfortunates Must Lose Refuge

A public meeting in the interests of the Atlanta Industrial Home for the Blind will be held Monday evening at 7:30 o'clock in the lecture room of the First Baptist church. The object of the meeting is one of urgent necessity, as the home will be sold for debt Tuesday unless \$2,000 is subscribed to lift the heaviest immediate burden and furnish a working capital. Much of that amount

already has been subscribed. The remainder must be secured at the meeting or the home will be closed and its good work ended.

For several months the home has been furnishing industrial training and employment in the manufacture of brooms to a number of blind people. Without aid, these unfortunates would have been unable to help themselves and the home, they were being made independent and self-respecting citizens. The business of the home was beginning to show a good profit; but it was not enough to meet the heavy obligation that matures Tuesday nor to leave a sufficient working capital.

Those interested in the home decide that with the lifting over of the present crisis in its affairs it will progress very well. They are assured that every subscription will be used economically and with proper safeguards. The management of the fund will be under the board of directors, who are men well known in Atlanta's business life—L. S. Bunkley, president; Dr. J. W. Blosser, vice president; S. P. Moncrief, treasurer; P. V. Bunkley, secretary; P. M. Smith, J. M. Sanders, James Gillespie and J. D. T. Lawrence.

McElroy, of Atlanta. The funeral services will be announced later.

MR. SIDNEY SCHLOMBERG, twenty-one years old, died in Jacksonville, Fla., Sunday. The remains were brought to Atlanta, where funeral services will be held Tuesday morning, at 10 o'clock. He is survived by three brothers, H. D. W. A. and A. J. Harp and three sisters, Mrs. Jack Abernethy, Mrs. J. A. Means and Mrs. A. F. Frichette.

MR. JOHN A. CAMP, seventy-seven years old, died Sunday night, at 11 o'clock, at the Soldiers' Home. He is survived by one son, Richard Camille, of Dallas, Ga. The body was removed to Harry G. Pool's chapel. Funeral arrangements will be announced later.

LUCILLE CHISHAMILL, two-year-old daughter of Mr. and Mrs. A. P. Chishamill, 15 North Boulevard, who died Sunday morning, was held Monday morning, at 5 o'clock, from the chapel of Harry G. Pool. Interment was in West View cemetery.

MR. C. H. SIMMONS, sixty-seven years old, died in a private sanitarium, at 5 o'clock Monday morning. He had been in invalid several years. Funeral services will be conducted from the chapel of P. J. Bloomberg, Tuesday morning, at 11 o'clock. Interment will be in Greenwood cemetery.

MR. VICTOR L. DE PRATO, 27 years old, died Monday afternoon, after an illness of one day. The body was moved to P. J. Bloomberg's chapel and will be sent to Boston, Mass., Tuesday. He was superintendent of the Capital City Country club. Mr. De Prato is survived by his widow.

MRS. ISABEL PLUMMER, wife of D. A. Plummer, died at a local sanitarium Sunday afternoon, aged eighteen years. Besides her husband she is survived by her mother, Mrs. John Henson. The body was removed to Harry G. Pool's chapel. Announcement of funeral services will be made later.

BUY MARIETTA STREET PROPERTY

Marietta street property will enhance more in the next five years than any business property in Atlanta. It is now a wide, splendidly paved street, leading from one of the best sections around Atlanta to guarantee enhancement, and prices on the street have not yet been affected by the wonderful improvements on the street. Go out and see for yourself. Get in while values are low on a splendid street and reap the rich harvest which is sure to come.

MR. RETAIL MERCHANT DO YOU WANT A CLOSE-IN WAREHOUSE?

In which to store goods you can save money on buying in carload lots? If so, examine the Hemphill property, corner Foundry street and W. A. R. R., to be sold Tuesday, November 4, before the courthouse door.

RETAILER AND WHOLESALE

If you want a retail and wholesale store combined, buy one of the Marietta street stores as well as one of the warehouses.

Southern Championship Will Be Decided on an Atlanta Gridiron

All Grid Dope A Total Wreck

Saturday's Game Upset Predictions, Swamped Sure-Thing Bettors and Humiliated Proud Elephants

And with it all the world still turns around. Vanderbilt, the acknowledged champion of the south for years has come down in humiliation and defeat before a team that they walked away with last season.

It is a story in a way like the headline down a highway or the fall of some great man that has succumbed to the inevitable. For Time, four years Vanderbilt has reigned as an unchallenged champion of the south. They even carried their money into the south country and gave the Harvard Crimson a run for their money. But on last Saturday their first big defeat occurred.

It seems now that it will be impossible for them to live up to the prediction and come back in time to beat the big team from the Yale grid.

And then the Swannee Tigers, the proudest lion in the south, came to Atlanta with every intention and with all the confidence of a champion. They had been defeated by their rivals, the Jackets and they had returned to their mountain lair leaders of the league. They were sure they would win against them by a team that up until this time they have never beaten. They were sure they would win against them by a team that up until this time they have never beaten.

And then, again, the boys from College, a minor college, rose in their might and put the tremendous Yale Bulldogs. It was one of the greatest surprises of the day and one that will long be remembered. To think that right in the eye of some of the greatest football players they are defeated by a team with the athletic standing of Yale.

Harvard the invincible, the team that was considered as secure as government bonds, was scored by Cornell. Saturday before last Dartmouth trounced the Princeton Tigers which was another blow to the athletic aristocracy and St. Walburg's Camp in Switzerland. Maybe this year he will be compelled by some team or other to leave the game that he has loved.

At present, betting on your favorite winner is about as safe as mine. It seems that so far this year, wherever a team has had the least chance of winning, it has won. It seems that so far this year, wherever a team has had the least chance of winning, it has won.

Newsboy May Die From Gridiron Hurts

LAWRENCE, Mass., Nov. 2.—Three features of the football game which was played at the general hospital Sunday. Physicians said he apparently had been struck in the head.

Professional Matches

The average golfer is too much engrossed in the development of his game. In many cases his progress toward proficiency would be retarded if he would occasionally walk around and watch a professional play.

It is in this country we have far too few professional matches. A golfer who has a few clubs would make an annual appropriation of a few dollars to a professional club and would be able to see some of the best professional matches in the world.

It would be comparatively easy to get three nearby pros to come for a day and play a round with the local man, and occasionally some of the notable champions and experts could be invited to add interest on special occasions.

In England, particularly, men like Vardon, Taylor, and Hay are in great demand for exhibition matches. These money prizes, besides mere glory of achievement, encourage them to maintain and maintain a high degree of proficiency.

In this country, aside from a comparatively few scattered open championships, our pros do not have sufficient hard, well-organized, and well-attended exhibitions to keep them at the top of their games.

The greater average player has the opportunity of seeing the pros in action against one another, and as spectators to acquire a higher degree of skill, get inspiration from the exhibitions and receive the friendly advice and lessons from the pros as to how some particular shot or stroke was played.

Three Pennant Hurlers Won More Games Than '13 Team

Three pitchers, Donovan, Killian and Mullin, won more games for the Tigers the first time they captured an American league pennant (in 1907) than all the other hurlers put together were able to take during the season which is just closed.

Again, in 1909, the last year in which the Tigers took first honors, three hurlers had more games under the "V."

Summers were the men. Donovan, in 1907, won 23 games, Killian 20, and Mullin 19. In 1909, the only year not mentioned in which the Tigers copied the first, three pitchers came within nine of the 66 mark, and four of them passed it by the length of a dash.

Here's another fact that is startling. By 1907 Donovan, Killian, and Mullin pitched the Tigers within one of the number of victories gained by Washington in the same season. Washington is second in the standing and pressed the Athletics for the lead of the league last in the season.

At the beginning of the present football season it was predicted that some of the best football in the south would be played right here in Atlanta and that from now on the various athletic fields in the city would be the scenes of the best athletic events of the season.

Since the construction of Grant field there has been added an extra inducement to teams to play in Atlanta. It has, however, passed all expectations and from the present outlook the Georgia Tech team will within the week be decided on an Atlanta field.

Auburn right now is the main contender for the honors. Vanderbilt has been practically eliminated from consideration, while Georgia and Tech are still in the running.

Sevens up until Saturday had strong hopes of being among the front ranks, but with their overwhelming defeat at the hands of the Jackets they are out.

Tech plays Auburn here next Saturday. If Tech is defeated by Auburn, the Yellowjackets will be out of the running. They hope to win the championship following Saturday and further complications will arise if the Jackets should come back and defeat the Georgia Tech team.

Therefore, it can be seen that any way the thing turns out the championship of the south will be decided right here in Atlanta. This is the first time in the athletic history of the city that such a game has been played here. The plums are between Georgia, Auburn and Tech, with all three going good and Atlanta will within the week be decided on an Atlanta field.

Therefore, it can be seen that any way the thing turns out the championship of the south will be decided right here in Atlanta. This is the first time in the athletic history of the city that such a game has been played here.

Feds Contract Suits Players

Outlaws Gain Victory in Fight With Major Leagues—Sign Major League Stars

INDIANAPOLIS, Nov. 2.—A form of contract, which it was said, is acceptable to the Baseball Players' Fraternity, was adopted at Sunday's session of the Federal League managers' meeting.

This action is another move in the baseball war, which the Federal League purposes to carry to the major leagues. It has been reported that the major leagues include in their contracts certain conditions denied by the Players' Fraternity the players will refuse to sign and will turn to the Federal League.

It was announced at the meeting that George Russell, former major league manager, had signed to lead the Kansas City Federal club next season. Four clubs allied with acting president J. A. Gilmore, list of major league players, with whom they were negotiating.

The managers adjourned last night to meet in Chicago November 15, when a president of the organization will be elected.

Stanford Plans For California

SAN FRANCISCO, Nov. 2.—Interest in the California football season shifted this week from the outstanding career of the New Zealand all-black team to the possibilities of the Stanford University football team next Saturday on the Stanford field.

Both at Stanford and California great confidence in the outcome next Saturday is expressed. In general, however, California has been considered the favorite for this eighth Rugby contest between the universities.

Chicago After Western Title

CHICAGO, Nov. 2.—The Chicago team today began heavy training of the Chicago eleven in preparation for the three remaining games of the season, in which the Chicago team hopes to win the championship of the western conference. Opponents yet to face Chicago are the University of Minnesota and Wisconsin in order named.

With the defeat of Illinois Saturday night, Chicago remains the only conference team which has not been defeated by a conference team. However, Minnesota has not been defeated by a conference team.

Notre Dame Wants to Play Michigan Aggies

CHICAGO, Nov. 2.—A post-season football game between eleven of Notre Dame and the Michigan Agricultural college is the immediate object of the Chicago Notre Dame Alumni association, which met Sunday. The showing of the Hoosiers against the Army Saturday last convinced the alumni that their team is a contender for the western championship.

Chicago White Sox to Victory

HOUSTON, Tex., Nov. 2.—The Chicago White Sox defeated the New York Giants 9 to 4 here today. The hitting of Crawford for the Sox secured a prompt pitching for New York was unable to stop the Sox while the Giants won their first victory in two years.

Repeating Shotguns

When it comes to buying a shotgun, no sportsman who selects a Winchester repeater will make a mistake. While comparatively low-priced, Winchester shotguns are carefully made of the best of material.

In shooting and lasting qualities, they are not surpassed, even by the high-priced foreign guns. The Grand American Handicap at flying targets, the greatest of all wing shooting contests, was won this year by a Winchester repeating shotgun.

Pitted against it were guns costing from ten to twenty times as much, but none of them outshot the low-priced Winchester. Winchester repeaters are made in three different models and in 10, 12, 16 and 20 gauges.

Want Pawling to Lead A.A.U.

NEW YORK, Nov. 2.—George Franklin Pawling, of Philadelphia, is to be put forward as a candidate for the presidency of the Amateur Athletic union at the annual meeting of that organization.

November 17, by the Middle Atlantic association, of which Mr. Pawling is president. The incumbent is Gustavus T. Kirby, of this city, who is finishing his second term, which is considered the limit of office tenure.

When Kirby was first elected there was a strong movement in favor of Pawling, who is now second vice president of the union. No other candidate has been named. Mr. Pawling has been identified with athletics since 1885, for ten years as an active competitor.

Gloom Hovers Over Old El

NEW HAVEN, Conn., Nov. 2.—Yale football coaches held a council of war Sunday and decided to send a hurry call for all former players to assist in rounding the team into shape for the Princeton and Harvard games. There is much gloom at Yale, as a result of Saturday's defeat by Colgate, but the loss of Cornelius at quarter is even more keenly felt. Thompson and Hammer, who succeeded him Saturday, failed to impress and it is thought Fullback Wilson, who played quarter earlier in the season, may be drafted for the position.

Autos on Hard Mountain Trip

LOS ANGELES, Cal., Nov. 2.—With 375 miles of race course stretching before them, the city streets, mountain roads and desert trails twenty-five automobiles left this city at daybreak today for the annual Los Angeles and Phoenix, Ariz., speed contest.

It is estimated that the winner will reach Phoenix in eighteen or nineteen hours after starting, though the time limit for the arrival at the Phoenix fair grounds is fixed at 6 o'clock Tuesday evening.

Six prizes totaling \$1,500 will be awarded. The winner will receive \$1,000.

Lemon Rate Valid

WASHINGTON, Nov. 2.—The interstate commerce commission's order reducing freight rates on lemons from California to Atlantic seaboard points from 11 to 10 cents a bushel today is the supreme court.

Ever See A Woman Buy A Hat?

And still another. George Mullin had won as many games as any two Tiger pitchers during the 1912 season. This official record gave George 29 wins in 1912, while Dubeo got only 16 this year, with Dames and Willett tied for second place with 13 each.

Furthermore, Mullin was winning his 29 games he was losing fewer than any Tiger pitcher this year. If he stayed with the club the entire season.

She tries on a lot of them—maybe at several different stores—before she selects, and she doesn't feel any obligation to buy till she finds just the right one.

Dope Upset and Over-Confidence Punished in Saturday's Games

HANK'S SEVENTEENTH DAY--HANK MAKES A BOW AND ARROW.

---BY FARREN

THE SPORTLIGHT BY GRANTLAND RICE

BRANDING THE ENTRY.

He took his turn halfheartedly, outlining an excuse; he argued he was beaten, so he couldn't see the use; but when he made his little play it took a lucky swerve. A sudden, unexpected hop--a little winning curve--and straightaway they exclaimed about his "courage" and his "nerve."

He started in with bulldog jaw to make a winning fight; he started in to see it through, as any stalwart might; but when he cut in with his play it took a hard luck bound and as it should not have on any sort of ground--and so they rose and branded him a "quitter" and a "hound."

We have always admired Princeton spirit and liked the Nassau manager exceeding well. But we are glad, nevertheless, that it is not so much the eleven disguised and indistinguishable objects emerged from the massed swirl and peeled off a 27-yard run.

FOR HIRE--

Any college that desires a first-class practice game, one guaranteed to be out fairly busy afternoon and held the attention of those engaged, can be accommodated by calling upon Michigan A. C. or Pittsburgh University. Satisfaction guaranteed or touchdowns refunded.

While Adam never had the pleasure of seeing a football game, at the same time he never, for the public prints, had to make a lightning guess as to which one of the eleven disguised and indistinguishable objects emerged from the massed swirl and peeled off a 27-yard run.

PRO BUNKO PUBLIC.

We are informed that this promises to be a busy winter for what is known in exclusive circles as the White Hope colony. We have a doubt of it. It has been a long time since the genial and discriminating public has discovered a chance to be so deftly belied. And the average White Hope ensemble is farthest South in Hankland--it begins below any spot that even Barnum dared to go.

George Suges was dropped from Cincinnati to St. Louis. It was only me flight, but the next drop will be into Noman's Land, through all the made space there in.

THE TURNING GOAT.

Harvard may have been the football goat for a number of years, but it appears that the goat will turn, even as the lovely worm. Also with considerable more of a bump attached.

Just as the present Goat has turned so effectively and with such insatiable enthusiasm that a Duke and a Duke who were wont to guard the naps, are now pointing in the direction of the nearest exit.

Twenty thousand people were turned away for each game at the world series; 20,000 more will be turned away at the Yale-Princeton and Yale-Harvard games. Some of the most elaborate and complete arrangements whereby at least one-fifth of those who wish to see a sporting event can be accommodated. America is supposed to be a nation where business and sport are closely joined--whereas the business part of it in many ways is a joke.

Just as McGraw's pitchers concluded their rebuttal against Collins and Baker they started west and bumped into Speaker and Crawford. But before bumping they stretched their legs and they should cheer up. It might have been Jackson and Cobb.

We are a great little traveler at heart--a roving soul by nature--but our lots of nothing to cheer about is to go around the universe duking redskins from San Crawford and a Trip Speaker. Some day we might not duck in time.

Another thing that keeps one out in the open air is a working job on top of a football stadium where the temperature is 31 and the wind is blowing along at 42 miles per.

On the other hand, Dave Fritz has quite a job. It's a tough assignment to make out a white slave case in behalf of those dashing rapidly from spot to spot in touring cars of the latest brand. It's no cinch job to tie up a spot for a bloke who is forced to put in his winter season playing golf or motor or indulging in a jaunt around the world.

Those who are looking for an All-American and should make close inspection of Col. W. J. Bryan, who has thrown more Chattanooga promoters for a loss than any other contender.

The National Commission has decided that \$175,000 for casual expenses collected from post-season games is enough for another year any way. When you think of it, \$175,000 should be sufficient to establish a business corpus case for quite a number of corks. For a short period of time, of course. Say about six months.

The fact that magnates, ball players, etc., allow the Commission to gather in this amount of money shows again that we have more humor than Erlend.

TIGERS' GREAT ADVANCE; YALE IS WOEFULLY WEAK

NEW YORK, Nov. 3.--On last field, with no adverse weather conditions, the Yale football team played Saturday for the first time this season. The game was a complete rout, with Yale winning by a score of 14 to 0.

PRINCETON HAS A KICKER HIDDEN AWAY IN JUNGLE

PRINCETON, N. J., Nov. 3.--Hidden away in the fastnesses of the jungle, nursing his ailments, is the kicker with whom Princeton expects to deal death and destruction among the championship hopes of Yale and Harvard. Princeton is not without a high grade punter, though critics have pointed to the lack of one as the only weakness of what would otherwise be a great football team.

They have one, down in the jungle, but he is laid up for repairs and has been for some time. Whether he ever will be just right this season is still something of a question, but the coaches are hopeful. Associate Head Coach Andrews is even confident.

"I don't expect Yale and Harvard to outkick us by very many yards," he said. "We are supposed to be weak in that department, but imagine we're able to meet every requirement--when we have to. Huber Baker isn't a long distance punter, but even if he were all we had, we'd feel pretty well satisfied."

"Baker gets a kick away from him as fast as any man on the eastern gridiron today. He won't have a kick blocked in a season if given anything like proper support. And one kick down the field is worth a million into an opponent's line. He may not kick far, but any time he does kick we can count on thirty or thirty-five yards."

"Baker will probably do most of our kicking this season. Who will do it in the Harvard and Yale games depends largely upon the development of 'Bull' Law when he recovers the use of a foot, injured almost ten days ago and still unfit for football service. Don't know Law, do you?"

"Well, he can punt fifty yards when his foot is sound. He can get a ball away from him in a hurry and place it. Law is quite a kicker; whether he is good enough in other departments of backfield play to win a regular position on the team is another question, but in the early practice he looked like a pretty good sort of football player. And he can kick fifty yards."

"I wouldn't be a great deal surprised," Andrews continued, "if we have several victories this season. Our team is still very green in spots, but it is heavier and stronger than it was a year ago and just as fast."

"The one thing that I am kicking about," added Larry, "is the loss of \$100 through my transfer from the Cardinals to the Giants. There was a clause in my contract that if I left in condition, I would receive a bonus of \$100. There was no stipulation that I must take a drink. I was merely to keep in such condition that I could play every day and I did it. There was ever a man entitled to \$100 in Larry McLean. No one denies that. His former manager and Manager McGraw had agreed on it. The National commission at its next meeting will probably award Larry his \$100, and that is as it should be."

McLean has invented a parlor game of baseball which is quite a novel toy and he will remain in New York during the winter in an endeavor to sell it. "You know," says Larry, "I'm going to make this my home. I have found an apartment in one hundred and fourth street and pretty soon I will be able to vote. I didn't go on the world tour because I wanted to sell my toy."

"The one thing that I am kicking about," added Larry, "is the loss of \$100 through my transfer from the Cardinals to the Giants. There was a clause in my contract that if I left in condition, I would receive a bonus of \$100. There was no stipulation that I must take a drink. I was merely to keep in such condition that I could play every day and I did it. There was ever a man entitled to \$100 in Larry McLean. No one denies that. His former manager and Manager McGraw had agreed on it. The National commission at its next meeting will probably award Larry his \$100, and that is as it should be."

McLean has invented a parlor game of baseball which is quite a novel toy and he will remain in New York during the winter in an endeavor to sell it. "You know," says Larry, "I'm going to make this my home. I have found an apartment in one hundred and fourth street and pretty soon I will be able to vote. I didn't go on the world tour because I wanted to sell my toy."

COMMISSION MAY STOP BARNSTORMING TRIPS

PHILADELPHIA, Nov. 3.--Some of the things the National commission at present has under consideration and which undoubtedly will be discussed at the coming meetings of the National and American leagues is the advisability of shutting down completely on the practice of allowing major league players to contest with, for or against, semi-professional or teams not in organized ball. In my mind it lowers the dignity of major league baseball to allow the players to take part in such games. The major leagues are paid high enough salaries during the regular playing season to offset any need of mere picking up the little extra change they make playing post season ball."

The speaker was a major league manager and one close to the National commission. The manager continued:

"Why, only recently Walter Johnson's team, which is largely composed of major league players, played the Mohawk Giants, a colored team, up in Schenectady. The Brooklyn Nationals took part in a game on the home grounds of a semi-professional team where only 10 cents admission was charged. Various major league players of both leagues have been barnstorming around the country, playing for, with or against every Tom, Dick and Harry, and accepting chicken feed for their services."

"There is altogether too much of this thing. It doesn't do major league baseball any good, and it does do it lots of harm. Some of the games have been played on grounds that were more resembling a pigpen field than to a baseball diamond. Players have been taking big chances of getting injured. Many of the games have been jokes. The major leagues are making jokes out of themselves have made a joke out of major league baseball. It seems to me it's about time the leagues put their foot down."

"At present there is a clause in the official players' contract which reads: 'The player, during the playing season or before the commencement or after the close thereof, to participate in any exhibition baseball games, indoor baseball, basketball or football, unless the consent of the party of the first part (the club owner) has first been secured in writing.'"

"Therefore the magnates seldom have refused to give their consent. But in the future I for one, am heartily in favor of shutting down completely on this system of barnstorming. The players are amply remunerated for their services. There is no need for them waiting to play post season ball. In all probability at the coming conference between the players' fraternity committee and the National commission will suggest that thereafter the players agree not to play any baseball other than they officially play for the major league clubs who employ them."

"The one thing that I am kicking about," added Larry, "is the loss of \$100 through my transfer from the Cardinals to the Giants. M'LEAN SATISFIED WITH HIS SHARE OF RECEIPTS

NEW YORK, Nov. 3.--In view of the many sensational and contradictory reports as to his troubles with the Giants over his share of the world's series receipts, Larry McLean dropped in and asked that he be put right before the public.

"To begin with," said Larry, "I have no kick on my teammates as to the amount I received, because it was all agreed on when I first joined the club, and I got exactly the amount promised."

"As you know," he said, "I joined the club in August 6 and had, but two months of the six to play. Long before that I had severed my connection with the club and agreed that I should get one-third of a share. I have played just one-third of the season, and that one third had no idea that I would get a chance to play in the big series and neither did they."

"When the money was turned over to us I received my one-third, just as promised. The amount happened to be \$775. I was perfectly satisfied and had no kick coming. I got every cent that had been promised me."

"The one thing that I am kicking about," added Larry, "is the loss of \$100 through my transfer from the Cardinals to the Giants. MORRIS, NOTED PACKER, DIES IN CHICAGO HOME

Multi-Millionaire, Son of Pioneer Nelson Morris, Victim of Heavy Business Burden

(By Associated Press.)
CHICAGO, Nov. 3.—Edward Morris, president of Morris & Co., packers, died at his home today after an illness of more than a year.
Mr. Morris was born in Chicago forty-seven years ago, and was the eldest son of the late Nelson Morris, pioneer packer. He suffered a nervous breakdown about a year ago and was obliged to give up active business. He spent last winter traveling in California, but when he returned last spring his friends noted that he had not been benefited by the trip.
The seriousness of his condition became known last week upon the arrival of his brother, Ira Nelson Morris, who hurried to Chicago from Italy in response to a cablegram. Mr. Morris is survived by his widow, two sons and two daughters.
Edward Morris was a multimillionaire and one of the best known meat packers in the world.

IMMIGRATION INCREASES: ITALY IS SENDING MOST

WASHINGTON, Nov. 3.—Figures indicate that immigration to the United States is increasing. Statistics by the bureau of immigration today show the total number of immigrant aliens admitted for August was 126,189, compared with 122,777 for the same month last year, or an increase of 43,892. Of the total number 34,623 were males and 41,557 females. Italy was the largest contributor, sending 37,762 aliens.
During August 2,479 persons were deported for various causes.

Children of Chinaman Find Place in Schools; Mother Is a Georgian

City Attorney Rules That Ruth and Ollie Jung Are Entitled to Education—Enter Williams Street School

Any doubt as to the admissibility into the white public schools of Atlanta of children who have one Chinese parent and one parent who is a Georgian Caucasian, have been set at rest by an opinion of City Attorney James L. Mason, who holds that under both the state laws and the ordinances of the city such children are entitled to the privileges offered by the schools.
As a result of the city attorney's ruling two children of Joe Jung, a Chinaman, who conducts a laundry at 12 1/2 Central avenue, and resides at 45 Scott street, were Monday morning admitted to the Williams street school. While Jung is a Chinaman, his wife is a pure-blooded Caucasian, having been born and reared in south Georgia.

Some months ago Jung applied to William M. Skaton, superintendent of the city schools, for tickets of admission for his children. He said nothing to Mr. Skaton about the mother of the children being a Caucasian and the superintendent informed him that years ago the city board of education had adopted a rule prohibiting Chinese children from attending the white schools.
Rev. A. M. Huphlett, pastor of St. Mark's Methodist church, to which Jung and his family belong, learned of the matter and at the October meeting of the board of education he explained the facts concerning the marriage of the Jung children. The board promptly referred the case to the city attorney for an opinion.
Mr. Mason rendered his opinion Saturday.

Monday, and tickets of admission to the Williams street school were issued by Superintendent Skaton to Ruth Jung, aged twelve years, and Ollie Jung, aged eleven years. Monday morning those children were received at the Williams street school, and during the day they were given the examinations which will determine the grades to which they will be assigned.
The Jung children are bright and attractive and their features are more Caucasian than Mongolian. They have been tutored by a private teacher and are well up in their studies. The Jungs have two other young children, Mary Elizabeth, six years, and Margaret, eighteen months, whom they will put in school as soon as they are old enough.
Dr. Huphlett and other prominent citizens have long been interested in the Jungs. Dr. Huphlett says the Chinese and the Georgia wife are devout Christians and that the children are being properly trained. Jung is a taxpayer and is seeking to become naturalized as an American citizen. Both he and Mrs. Jung were overjoyed when they learned that their little ones would be permitted to enter the public schools.

GEORGIA COTTON CROP BEING MARKETING EARLY

Big Increase in Receipts Over Corresponding Period of Last Year

(Special Despatch to The Journal.)
ROME, Ga., Nov. 3.—An increase of 10,000 bales over the cotton receipts up to November 1 of last year is shown in official reports. The receipts up to this date in 1912 were 18,555 bales, and receipts for 1913 are 29,193 bales. The crop is larger than usual in this section, and has also been marketed earlier. Cotton picking is practically over here, although a considerable amount still remains in the fields, and very little cotton has been held, as the price has been satisfactory all year.

Butts Ginning Report Shows Big Increase

JACKSON, Ga., Nov. 3.—According to the census ginning report Butts has ginned 7,890 bales to October 15, as against 4,775 in 1912. There is no doubt that the present crop is nearly over locally, though some late cotton will open later. The crop will not be up to normal, though it will be better than last year. It is thought.

FOR HOW LONG? Atlanta Raises a Pertinent Question

When a neighbor tells us that he has recovered from a serious illness, the first question that naturally arises is, "How long will he keep well?" Temporary relief is one thing, but a lasting cure is altogether different. There is nothing temporary about the work of Doan's Kidney Pills as the following Atlanta evidence proves beyond a doubt.
Charles B. Kilgore, 17 Sells Ave., Atlanta, Ga., says: "Three years ago I publicly endorsed Doan's Kidney Pills and since then I have often recommended them to my friends. Today I confirm my former statement and can say that the cure Doan's Kidney Pills made has been permanent. I have not had any symptoms of kidney complaint since 1907 and my back has been strong and free from pain and lameness. Doan's Kidney Pills certainly live up to the claims made for them and they deserve the highest praise."
For sale by all dealers. Price 50 cents. Foster-McBride Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.—(Adv.)

CHILDREN HATE OIL, CALOMEL AND PILLS

"California Syrup of Figs" best for tender stomach, liver, bowels.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them. With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.
If your child's stomach, liver and bowels need cleaning, give only California Syrup of Figs. Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and create the stomach, and that a teaspoonful given today saves a sick child tomorrow.
Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—(Adv.)

Successful Root and Herb Remedy

The study of roots and herbs, their character and power over disease, was what led Lydia E. Pinkham of Lynn, Mass., to produce for woman's ills the most successful remedy the world has ever known, and while she passed it her reward some years ago, her well along suffering woman is still carried on by trained assistants, and many tons of roots and herbs are consumed annually in the manufacture of the now famous Lydia E. Pinkham's Vegetable Compound, as originated by her.—(Adv.)
